Dear Stephen

Registration of Product: Prestressing Strand

This letter is to confirm that the following prestressing strand products are registered for use on Transport and Main Roads projects.

The following strand manufactured by Silvery Dragon Prestressed Materials Company Ltd

- 7 wire ordinary – 12.7 – 1870 – Relax 2 (Line 1)
- 7 wire ordinary – 15.2 – 1750 – Relax 2 (Line 3)
- 7 wire ordinary – 15.2 – 1830 – Relax 2 (Line 3)

Details of this registration are as follows:

- Registration is effective from 1 August 2021 to 1 August 2022
- Registration of 15.2 mm 1750 MPa strand will be expired on 31 December 2021
- Registration is designated Level 1 in accordance with the registration scheme
- Registration is valid for Beichen, Tianjin only.
- Strand shall be distributed by United Industrial only.

For renewal of registration in August 2022, test data will be required as per the registration scheme. These documents need to clearly indicate the line and date of manufacture and comply with Test Method Q480.

Conditions of registration are included in *Registration Scheme: Suppliers and Products for Bridges and Other Structures*. Registration is subject to:

- Satisfactory performance in accordance with Transport and Main Roads Specifications;
- Timely resolution of non-conformances to the satisfaction of Structures Construction Materials;

- Annual submission of test data in accordance with the registration scheme
- Annual submission of ACRS certification.

If you have any questions regarding this registration or possible transition, please do not hesitate to contact us.

Yours sincerely

Wayne Roberts
Manager (Concrete Materials)
